# SX-280 Commercial Juice Press System

# MAKING EVERY DROP COUNT.

You have goals to meet and orders to fulfill. That's why we designed a commercial juice and cider press that delivers more. More runtime. More efficiencies. More production. It all makes the SX-280 the ideal press for medium to large juice and cider operations with regional or national distribution.

## HIGH-PERFORMANCE

Up to 100 PSI producing clear juice with low suspended solids. No need for secondary filtration.

## PRODUCE FLEXIBILITY

Press soft and hard veggies, leafy greens, most fruits and even nuts for plant based milks.

## BUILT TO LAST

Industrial-grade construction and rugged polymer racks for easy cleaning and sanitation.
