

# Included Parts

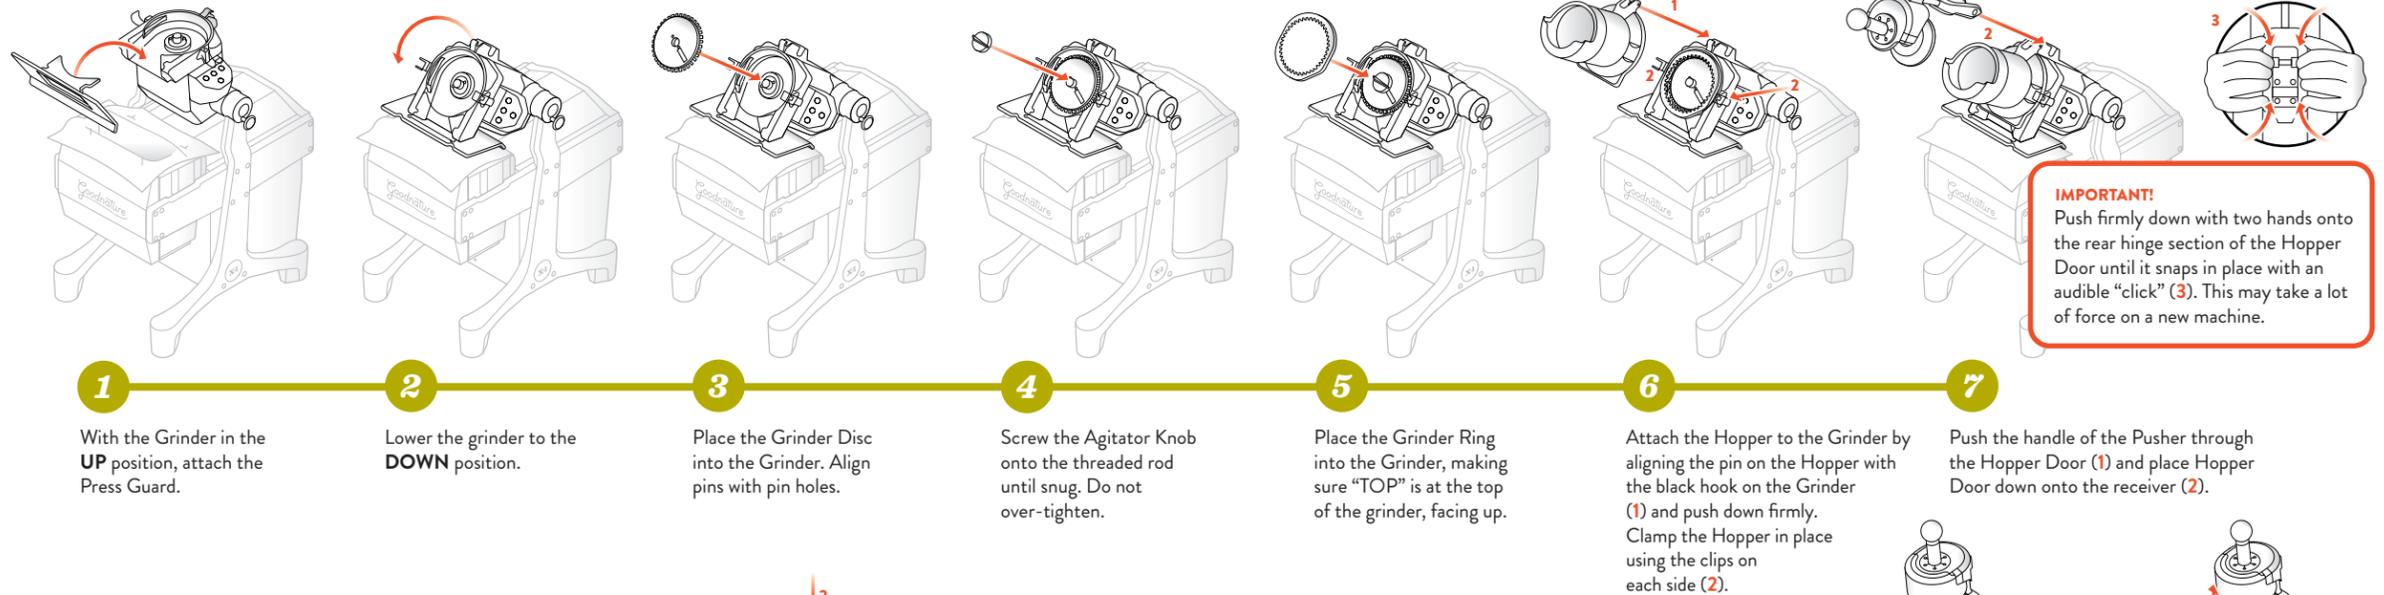

# Press Setup

- 1 Insert the Bottom Press Rack into the Press Chamber, by sliding it down from the top of the chamber until it drops in place.
- 2 Slide the Front Press Rack into place. The top edge should sit in the groove in the press chamber.
- 3 Place the Press Chamber snugly into the front of the press.
- 4 Place the Moving Platen snugly into the back of the Press Chamber, with the grooves facing toward the front of the press.
- 5 Place FreshFilter® Press Bag in the Press Chamber.
- 6 Push each side of the FreshFilter® Press Bag over the Bag Pins, so the pins are protruding through the bag.

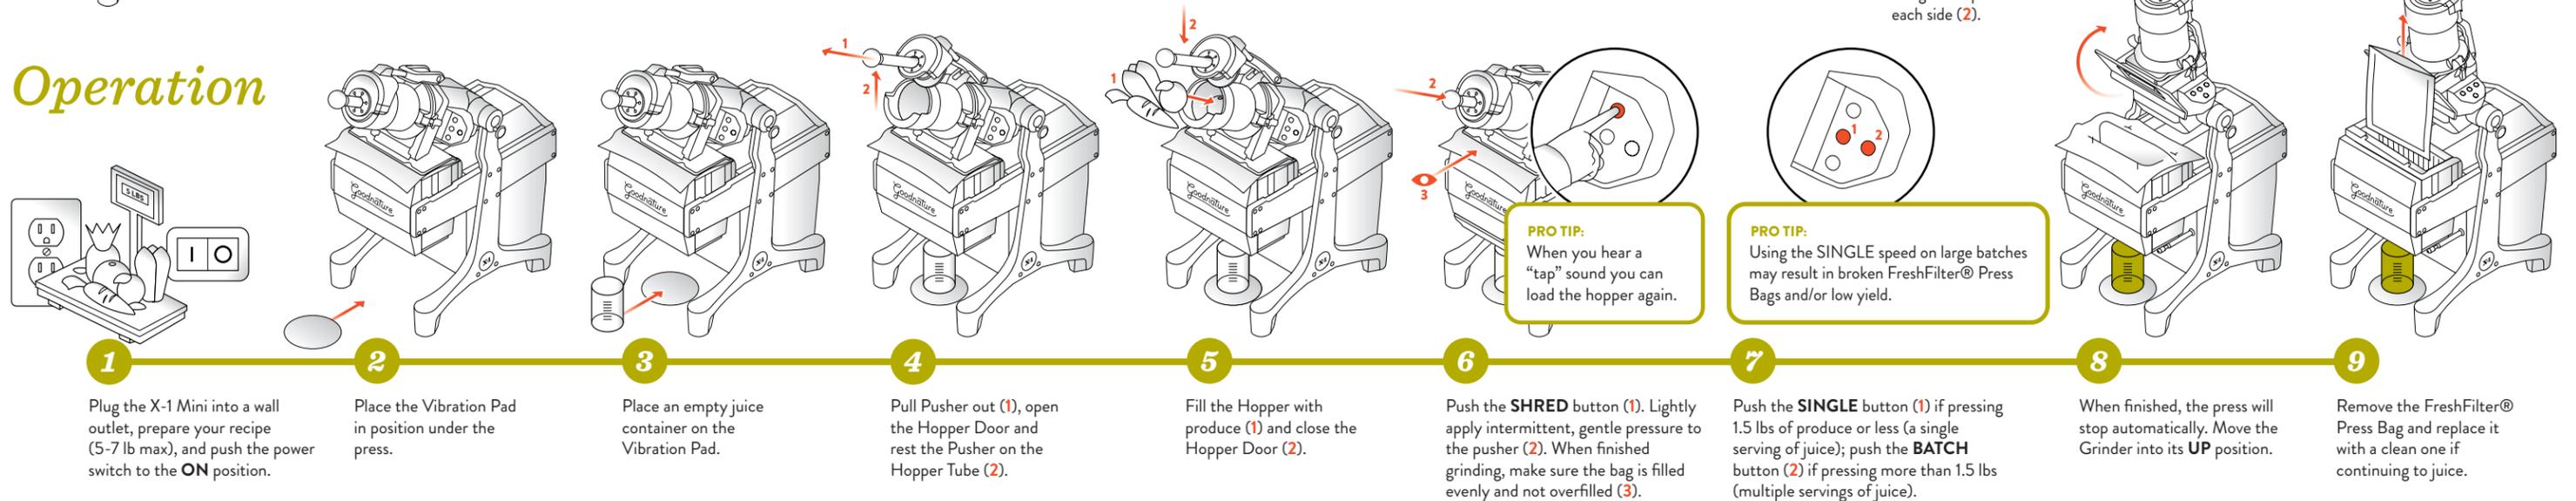

# Herbivore® Grinder Setup

- 1 With the Grinder in the **UP** position, attach the Press Guard.
- 2 Lower the grinder to the **DOWN** position.
- 3 Place the Grinder Disc into the Grinder. Align pins with pin holes.
- 4 Screw the Agitator Knob onto the threaded rod until snug. Do not over-tighten.
- 5 Place the Grinder Ring into the Grinder, making sure "TOP" is at the top of the grinder, facing up.
- 6 Attach the Hopper to the Grinder by aligning the pin on the Hopper with the black hook on the Grinder (1) and push down firmly. Clamp the Hopper in place using the clips on each side (2).
- 7 Push the handle of the Pusher through the Hopper Door (1) and place Hopper Door down onto the receiver (2).

**IMPORTANT!** Push firmly down with two hands onto the rear hinge section of the Hopper Door until it snaps in place with an audible "click" (3). This may take a lot of force on a new machine.

# Operation

- 1 Plug the X-1 Mini into a wall outlet, prepare your recipe (5-7 lb max), and push the power switch to the **ON** position.
- 2 Place the Vibration Pad in position under the press.
- 3 Place an empty juice container on the Vibration Pad.
- 4 Pull Pusher out (1), open the Hopper Door and rest the Pusher on the Hopper Tube (2).
- 5 Fill the Hopper with produce (1) and close the Hopper Door (2).
- 6 Push the **SHRED** button (1). Lightly apply intermittent, gentle pressure to the pusher (2). When finished grinding, make sure the bag is filled evenly and not overfilled (3).
- 7 Push the **SINGLE** button (1) if pressing 1.5 lbs of produce or less (a single serving of juice); push the **BATCH** button (2) if pressing more than 1.5 lbs (multiple servings of juice).
- 8 When finished, the press will stop automatically. Move the Grinder into its **UP** position.
- 9 Remove the FreshFilter® Press Bag and replace it with a clean one if continuing to juice.
